Working Together Supporting Our Community

SPONSORSHIP PROGRAM

2023

OUR MISSION

At the heart of every professional firefighter of Central County Fire Rescue is a desire to help others and to support our community and the citizens we protect. We like to say it's our job to show up prepared to solve any problem and make your day a little better. After years of putting out house fires and responding to other emergency situations, we realized the need for assistance didn't stop once the emergency was resolved...that the need for assistance really was just beginning.

Our main mission is to provide support and assistance to our citizens on an individual basis when there is a need beyond the emergencies that our normal job meets.
